1 0 Submitted with a draft order. It is a point for consideration whether any agreement should be taken from Mr. Paul Chinnappa that he should continue to serve in the State for a short after his training is over.

24/1/13

This agreement is generally taken only in cases in which a substantial amount of scholarship extending over a fairly long period is given. The circumstances of the present case do not seem to require any such agreement being taken, and there is not much likelihood of the applicant quitting the service.

The draft order put up may be approved. It will also be shewn to Br II before issue. In the meanwhile, as the Dewan has ordered that the applicant should be informed of the sanction today, a DO letter will, if approved, be sent to him at once.

Letter dated 17th January 1913 from Mr S Paul Chinnappa B.A L T to the Inspector General of Education in Mysore

---

It is well known that the Montessori Method of educating children is the most rapid and has revolutionised the modern science and practice of Elementary Education and has now been accepted and practised by those who are engaged in Primary Education in Europe and America

For the past one year I have had the privilege of directly corresponding with Dr Montessori herself and of discussing and studying her methods At the middle of last year she was requested by different countries in Europe and America that she should open a Normal Institute in Rome at the beginning of this year for the training of many teachers who would go there from different parts of the world She kindly invited me to this training In Novembe last I pointed out to her that my financial position was such as to render my going to Rome impossible unless I was helped and casting accounts roughly I wrote to her that the cost of passage and my equipment would be as much as the cost of living in Itali for 6 months and requested her to help me half way promising that I would try to raise the other half here She has considered my pos tion very sympathetically and has sent me this urgent cablegram -

"An Italian lady offers sum still needed for your coming
Cable answer Montessori
To S Paul Chinnapoa Bangalore "

I beg to state that this is a very good offer and feel that it woul be most unfortunate if I did not avail myself of it

That this method when practised in our State would produce lasting good to our children and economise both their mental output and the time they spend in the class rooms of their Elementary School I need hardly say

Therefore I respectfully beg that you may be so good as to recommend

recommend this application to Government at whose benevolent hands I prayerfully seek the following concessions -

1 That a sum of at least Rs 1500 be granted to me

2 That I may be granted 7 months' leave with the privilege of drawing my salary for these 7 months ~~salsence~~ of absence for the support of my family

or that a sum of Rs 1850 be granted to me in all

I beg to state Sir that you know I am a physical science graduate with Kannada as my optional language a L T of the Madras University and an Associate of the College of Preceptors London a keen sportsman a diploma holder in Drawing a native of the Mysore State and that I have been teaching for more than 10 years half of which time I have been an Assistant and then the Head Master of the largest Elementary School in the State

As I have to be in Rome at the beginning of February and I have to cable to Dr Montessori of my acceptance of her generous offer I earnestly beg that you may be so good as to expedite the sanction of my prayer
